

Zero

Last Pendant

Simplicity rules with the pared-down design of Mattias Ståhlbom's Last pendant. The uber-simple architectonic fixture comes with a white or black painted aluminum shade. Other colors are available upon request.

The Last is included in our ECCO Collection of Performance-Driven Office + Retail Lighting. ECCO, an acronym for [E]nergy-efficient, [C]ompliant; for [C]ommercial [O]rnatmentation, is a collection of light fixtures built to enhance the architectural attributes of commercial, office or retail settings.
