

# Pholc

## Bloom 50 Pendant

Made of aluminum, the petals on the Bloom 50 Pendant create a flouncing shade that is available in matte black and matte white finishes. Monika Mulder was inspired to create this fixture for Pholc because she believes objects with themes from nature enliven interior design. "It is not easy to find lighting that reminds you of flowers without getting overly decorative," she explains. "Therefore, I wanted to design a stylish lamp based on this theme." The shade is made up of one single leaf shape that is repeated three times, the petals flexible so that they can be turned upwards or downwards.

### Ordering Matrix

#### Model

852113 = Matte White  
852115 = Matte Black

#### LED

1 x 4.5W E26 G25 / 2700 / 350 Lumens

#### Color

MAT WHT = Matte White  
MAT BLK = Matte Black
