Edge 20 Pendant

Made of aluminum, the Edge 20 Pendant has a cleanly crafted shade with subtle delineations. Designed by Monika Mulder, this cap-shaped luminary comes in four colors—matte black, matte white, matte green and matte gray. The fixture was inspired by Mulder to satisfy her desire to push the reflection of light through parallel lines to see the effect of the gradations of illumination. Every color in this series of pendants will reflect light differently, another aspect of the design that was intentional. Each version has a white inner shade to brighten the illumination flowing from the fixture.

Ordering Matrix

Model

249113 = White
249115 = Black
249116 = Green
249119 = Gray

*Cord Color Options: Black, White or Clear.

LED

1 x 4.5W E26, A19 / 2700K / 450 Lumens

*GU24 base available upon request.
