

# Pholc

## Hans 50 Pendant

Like a wave moving across a distant sea as silently as the power that births it, the Hans 50 Pendant is the brainchild of Monika Mulder, who envisioned the shape to reflect the natural fluidity of the ocean's undulations. Made of aluminum, the Hans 50 is available in matte black and matte white finishes. Manufactured by the Swedish brand Pholc, the fixture with its artful shade illustrates how graceful a resolute material like metal can feel when crafted by a visionary designer.

### Ordering Matrix

#### Model

807113 = Matte White  
807115 = Matte Black

#### LED

1 x 4.5W E26 A19 / 2700 / 450 Lumens

#### Color
