

Pholc

Pearls 80 Pendant

The delicacy of jewelry gave designer Monika Mulder the inspiration for her Pearls 80 Pendant, which she designed for Pholc. It does read like a stylish earring that will illuminate a space with its opal glass globes. The metal is available in brushed brass or shiny nickel to satisfy those who like gold or silver for their room's ensemble. "Jewelry often carries a story about the people who have worn it and the era in which they lived," says Mulder. "It projects a story about identity, history and sometimes even of love: a deeper meaning that captures and communicates a distinct personality."
