

Willowlamp

A-Peal 1 Tier 500 Pendant

Design by: Adam Hoets

The A-Peal 1 Tier Pendant 500 is an appealing design by Adam Hoets inspired by the twisting shape of the dangling skin when a piece of citrus fruit is peeled. Made of metal beads dangling from flat metal bands that dictate the fixture's shape, the pendant is ethereal in its makeup, a hallmark of the Willowlamp brand that produces it. The fixture is available strung with silver, smoke, copper, brass, rust, white, red, and black beads. Custom colors available upon request.
