

Willowlamp

Moroccan Vase 2 Small Pendant

Design by: Adam Hoets

Bringing an exotic flair to a space is easy with the Moroccan Vase 2 Small Pendant designed by Adam Hoets for Willowlamp. Each is made of metal beads dangling from flat metal bands that dictate the fixture's shape, which has fluted swells that mimic decorative vases found in its namesake country. The fixture is available with silver, smoke, copper, brass, rust, white, red and black strung beads. This family of pendants is available in a larger size, and four other shapes in various sizes, which make them even more exquisite when arranged in a grouping.
