## Benben Pendant Type 2

When French interior designer Florence Deau featured Jacco Maris' new Benben pendant on her blog FLODEAU, she copped to having an "absolute crush on the finishes, the graceful forms and the beautiful pastel tones." Maris says of his design, which he sees as a stack of five different elements forming a contemporary totem, "The lights create a playful look...the hanging lamp is beautiful on its own or as a group to create a superb art piece." Made of steel, Benben comes in a variety of colors and finishes.
