

Hind Rabii

Ond'A Small Pendant

Design by: Hind Rabii

The Ond'A Small Pendant floats above a space like a UFO. Brilliant illumination sparks when the light is switched on thanks to the hand-applied gold-leaf finish on the interior of the shade. The exterior of the shade is available in a crisp white or a rich black finish. Designed by Hind Rabii, the OND'A exemplifies this brand's ability to create impeccable finishes and achieve highly refined engineering.
