Ceraunavolta 3S Pendant

Design by: Matteo Ugolini

With a crimped pear-like shape, the Ceraunavolta 3S pendant is equally adorable alone as it is tucked into the Ceraunavolta 1 or the Ceraunavolta 2 chandeliers. Designed by Edmondo Testaguzza and Matteo Ugolini, this nod to what we now call midcentury modern chic is a throwback to simpler times aesthetically with a flexibility that is purely futuristic. The fixture's name in Italian means "Once upon a time," a fairy tale beginning that fits this design to a tee.
