

Stratos Collection

NotreDame 2B Ceiling

Made of technopolymer, the NotreDame 2B ceiling fixture is as lacy as a doily, though it's far from your grandmother's cup of tea given Luca De Bona and Dario De Meo gave it an asymmetrical edge. Its eye of light illuminates its center on the ceiling, leaving the outer fringes of its composition to quietly cast a romantic spell.

Ordering Matrix

Model

PL1304B

NOTE: Fixture weight is 13.5 lb. Reinforcement for ceiling mount is recommended.

LED

1 x 31.8W (LED Strip + Chip-on-Board, Using Phillips Driver.

MultiVolt / Dimming 0-10V / 3000K

NOTE: Remote mounted driver.
