

# Stratos Collection

## Sisma Floor

With ground-shaking style the Sisma floor lamp, designed by Matteo Ugolini, calls to mind the brawn of the well-muscled construction crew. But this is a dexterous contingent, as the fixtures are flawlessly shaped from ribbed rebar, then draped with cords that mimic the caged bulbs on jobsites that hang like corralled stars to illuminate progress. Two finishes are available—natural or painted white.

### Ordering Matrix

#### Model

HP1121B = White  
HP1121T = Black

#### LED

3 x 4.5W E-26, Edison Bulb

#### Shade

WHT = White  
BLK = Black

### Fixture as shown

HP1121T	LED	BLK
Sisma Floor	3 x 4.5	Black

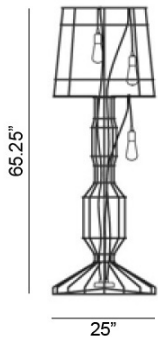

### Shade

White Wire

Black Wire
