

Hind Rabii

YA-YA 1 Wall

Design by: Hind Rabii

Hind Rabii, who designed this family of fixtures, describes YA-YA as the center, the heart of a place. The fascinating contours of the YA-YA 1 wall surrounds the heart of its light-source to create a whimsical profile. The spirit of this playful design imitates a keyhole through which light is spied, one through which illumination is sculpted and the reflection of light strikes undulant metal. The YA-YA wall comes in other subtly different organic shapes, each configuration available in white, gold, silver and copper leaf finishes.
