

# Zero

## Convex Mini Pendant

Made of painted metal, the Convex Mini pendant was designed by Jens Fager for Zero Lighting. Dropping its cone-shaped shade from a simple cord, the Convex is modern architecture's answer to make it clean but make it interesting. We offer the Convex in black, white or galvanized finishes, and as a Circle pendant in two sizes.

### Ordering Matrix

#### Model

840810127US (White)  
840810627US (Black)  
840818327US (Galvanized)

\*Cord Color: White, Black or Clear

#### LED

1 x 6.5W GU10 / 3000K / 500 Lumens
