

# Zero

## PXL Pendant

Multi-colored bands of brightly painted aluminum and metal give the PXL pendant, designed by Fredrik Mattson, a seriously playful profile. Lobbies light up, boutiques shimmer and restaurants exude color-drenched happiness when this pendant hangs around. It is also available in white and copper.

### Ordering Matrix

#### Model

7770101US (White)  
7770190US (Multi Color)
